Bau Lamp Small

GODE RÅD FØR SAMLING:

Åbn først poserne når du skal bruge dem. Start med pose 1. Saml altid posernes indhold i numrenes rækkefølge.

Saml skiverne efter numrene; så kilen med nummer 1 klikkes ind den anden kile med nummer 1 osv. Når du samler skiverne skal numrene være synlige og kunne læses.

Se godt på de vedlagte tegninger.

GOOD ADVICE BEFORE YOU ASSEMBLE THE LAMP:

Only open the bags when you are about to assemble the lamp. Start with bag 1. Always assemble the contents of each bag in accordance with the number sequence.

Assemble the discs according to their numbers, so that the slit with number 1 is clicked into the other number 1 slit, and so on. When you assemble the discs, the numbers should be visible and readable. Examine the enclosed drawings carefully.

GUTE TIPPS, BEVOR SIE MIT DEM ZUSAMMENBAU BEGINNEN:

Öffnen Sie die Tüten erst dann, wenn sie benötigt werden. Fangen Sie mit der Tüte Nr. 1 an. Bauen Sie den Tütinhalt immer in der Reihenfolge der Nummerierung zusammen.

Montieren Sie die Scheiben entsprechend deren Nummerierung: Die Scheibe mit der Nummer 1 wird in die zweite Scheibe mit der Nummer 1 eingeklickt, usw. Beim Zusammenbau der Scheiben müssen die Zahlen sichtbar sein und abgelesen werden können. Sehen Sie sich die beigegeführten Zeichnungen genau an.

QUELQUES CONSEILS AVANT L'ASSEMBLAGE :

N'ouvrir les sacs que juste avant le montage. Commencer par le sac 1. Toujours assembler le contenu des sacs en suivant l'ordre des numéros.

Assembler les disques en suivant l'ordre des numéros : insérer l'encoche portant le numéro 1 dans la seconde encoche portant le numéro 1, etc. Lors de l'assemblage des disques, les numéros doivent rester visibles pour pouvoir être lus. Se référer aux illustrations fournies.

CONSIGLI DA METTERE IN PRATICA PRIMA DEL MONTAGGIO:

Apri le buste solamente quando ne avrai bisogno. Inizia con la busta n°1. Segui sempre l'ordine indicato dai numeri degli oggetti contenuti nella busta per l'assemblaggio.

Unisci i dischi seguendo la numerazione, in modo che il cuneo indicato col numero 1 entri nell'altro cuneo indicato col numero 1 e così via. Quando unisci i dischi, fai in modo che i numeri siano visibili e ben leggibili. Osserva bene i disegni allegati.

BUENOS CONSEJOS ANTES DE ENSAMBLAR:

Abra primero las bolsas cuando necesite utilizarlas. Comience por la bolsa número 1. Siempre ensamble el contenido de las bolsas según el orden sucesivo de los números.

Ensamble los discos siguiendo los números, entonces, la cuña con el número 1 encastra en la otra cuña con el número 1 y así sucesivamente. Al ensamblar los discos, los números deben estar visibles y poder leerse. Observe atentamente los gráficos adjuntos.
